

# eBooks and eAudio Using the Libby App

The Libby App works with the following devices:

- iPad/iPhone
- Android devices
- Windows 10 and 11

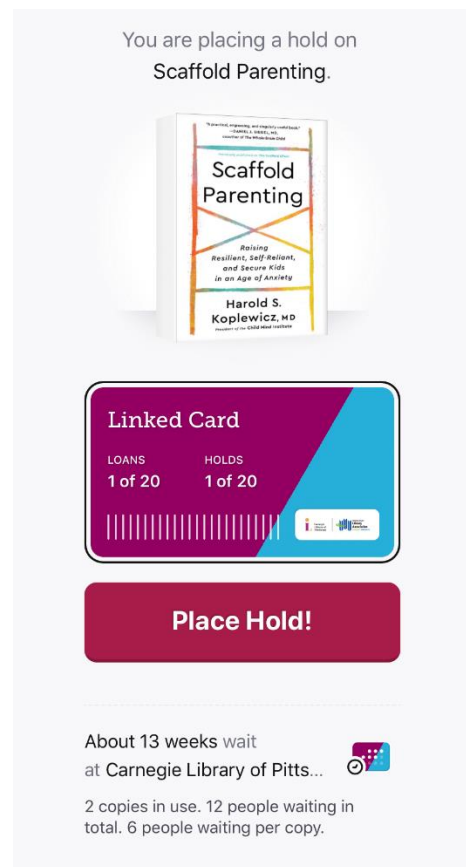

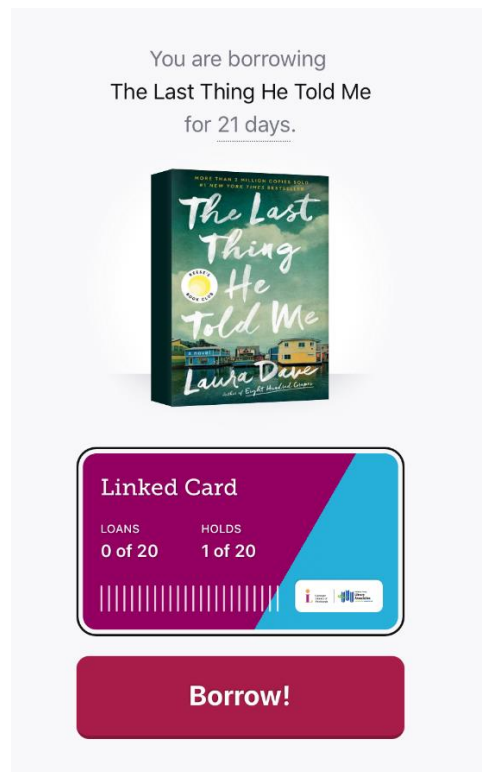

## Browsing and Searching

The screenshot shows the Libby app interface with several annotated features:

- On the Library page, you can browse collections.** (Annotation pointing to the top navigation bar)
- You can change browsing Preferences by expanding or closing these sections.** (Annotation pointing to the 'MENTAL AND EMOTI...' and 'GUIDES' sections)
- Search our collections** (Annotation pointing to the search icon in the bottom navigation bar)
- Library is currently highlighted** (Annotation pointing to the library icon in the bottom navigation bar)
- Change account preferences (like holds notifications, etc.)** (Annotation pointing to the account icon in the bottom navigation bar)
- Shelf takes you to your current Loans and Holds** (Annotation pointing to the shelf icon in the bottom navigation bar)

The app interface includes logos for Carnegie Library of Pittsburgh and Allegheny County Library Association, sorting options (newest, popular, random, available now, subjects), a grid of book covers (e.g., 'It Didn't Start With You', 'The Highly Sensitive Person', 'Atlas of the Heart'), and sections for 'Always Available', 'Kids', and 'GUIDES'. The bottom navigation bar contains icons for search, library, account, shelf, and a clock.

## Borrowing and Placing Holds

- Items are available to **Borrow** or to **Place Hold**.
- If the item requires a hold, Libby shows you how many people are waiting per copy.
- Check your **Shelf** to see **Loans** and **Holds**.

## Renewing and Returning Items

- To renew or return an item, tap **Shelf**, tap the **Loans** tab.
- Tap **Manage Loan** to see your **Return Early** and **Renew** options.
- Note: If you don't return early, *items return automatically* when loan period ends.

Note: If you have a Mac computer or a Chromebook you can use Libby in your web browser at [libbyapp.com](https://libbyapp.com)
