Date Approved	3/10/2010

Purpose:

In furthering the Library's mission as a resource for education, exploration, enrichment and enjoyment, the Whitehall Public Library will present programs that are informational, educational, cultural and recreational. Some Library programs may be presented in cooperation with other agencies and institutions as well as other public and private resources.

Statement of Policy:

Library programs will be planned in effort to meet the interests and needs of community members. Library programs will represent the wide range of ideas and views represented in the Library's collection and support the Library's philosophy of free access to information.

The selection of Library programs rests with those designated Library staff members whose responsibilities involve programming.

Most Library programs are free. For those programs which may involve a fee, this fee will be stated in advance and shall not exceed actual material costs to any presenter unless a program is designated as a Library Fundraiser.

Programs will be open to the general public. Certain programs may be restricted specifically to children or adults.

No individual or organization presenting a Library program is permitted to sell any product or service, unless pre-approved by the Program Coordinator or Library Director. The Library will not share patron contact information with program presenters. Presenters are welcome to display literature and business cards for program participants to take home.

Presentation at the Library of any specific idea, strategy, or plan does not constitute a Library endorsement.

Organizations or business affiliations may be used by the Library to help publicize and promote Library programs.

Any questions or concerns about a particular program may be discussed with the Library Director. Requests for review of library displays will be considered in the same manner as requests for

reconsideration of materials as outlined in the Library's Collection Development and management Policy.
